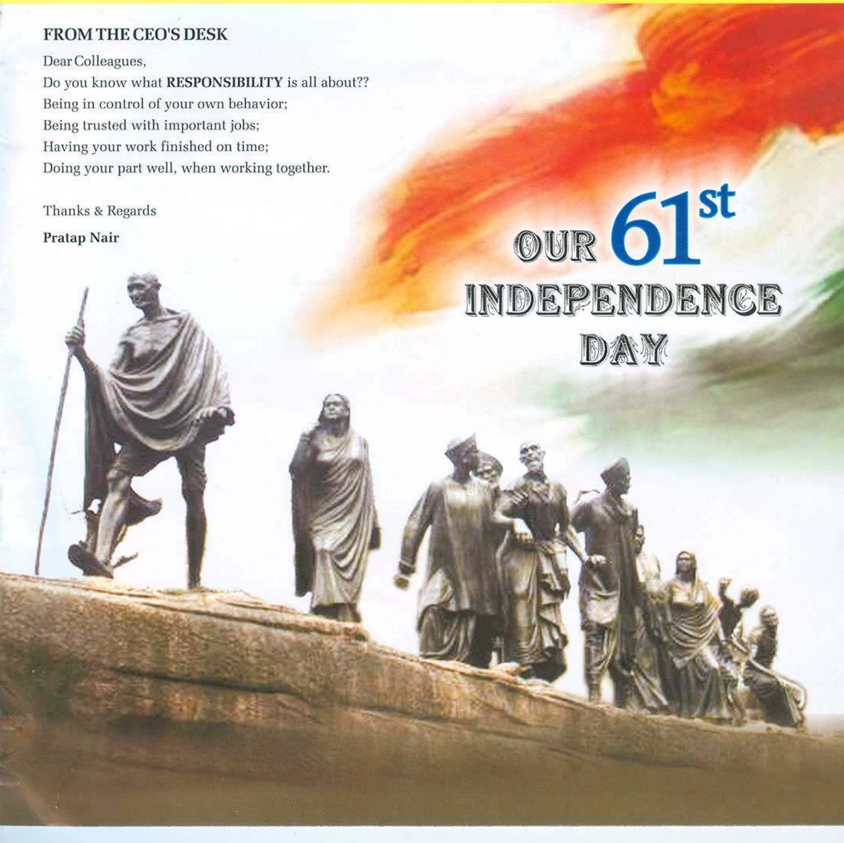
FROM THE CEO'S DESK

Dear Colleagues,
Do you know what **RESPONSIBILITY** is all about??
Being in control of your own behavior;
Being trusted with important jobs;
Having your work finished on time;
Doing your part well, when working together.

Thanks & Regards

Pratap Nair



WHAT DO YOU WANT?? HEAVEN OR HELL??

A holy man was having a conversation with the Lord one day and said, 'Lord, I would like to know what Heaven and Hell are like.'

The Lord led the holy man to two doors.

He opened one of the doors and the holy man looked in. In the middle of the room was a large round table. In the middle of the table was a large pot of stew, which smelled delicious and made the holy man's mouth water.

The people sitting around the table were thin and sickly. They appeared to be famished. They were holding spoons with very long handles that were strapped to their arms and each found it possible to reach into the pot of stew and take a spoonful. But because the handle was longer than their arms, they could not get the spoons back into their mouths. The holy man shuddered at the sight of their misery and suffering. The Lord said, 'You have seen Hell.'

They went to the next room and opened the door. It was exactly the same as the first one. There was the large round table with the large pot of stew which made the holy man's mouth water. The people were equipped with the same long-handled spoons, but here the people were well nourished and plump, laughing and talking. The holy man said, 'I don't understand.'

'It is simple,' said the Lord. 'It requires one skill, you see they have learned to feed each other, while the greedy think only of themselves.'

INTERNATIONAL DIVISION

FEI made its foray into the International business in the year 2000. To support this very important and sensitive activity it was imperative to have a team of enthusiasts who are ready to understand and execute this function.

Under the able leadership of Mr. Nair, the international division was set up with International Imports, International Exports and International Accounts forming the important gateways under this division. International imports takes care of all the imports coming into India whereas International Exports takes care of all the exports related to our partners abroad from our offices in India. International Accounts takes care of the accounting aspect. They collectively form the link between our partners worldwide and our offices in India

This division believes that "Change is the only thing which is permanent" and strives hard to continuously improve the working so as to serve our partners, our offices and ultimately the customers in a better way.

Various mails have been received by us almost everyday, congratulating our international team for their excellent communication skills, Timely, Complete, Matter of fact communication with a personal touch giving FEI a professional image.

Our International division is situated at Mumbai and Mr. K.B. Radhakrishnan - Head International Business controls this division ably supported by his young team.

We wish them all the very best.

ARE WE BEING FOOLED??

Following is the article from well known Newspaper. Find the detail break-up of the Final price of petrol available in pumps.

This is a break up considering crude oil at 130 $ per barrel. Following details are for per liter petrol in Rs.

BASIC PRICE	**Rs.21.93**
EXCISE DUTY	**Rs.14.35**
EDUCATION TAX	**Rs.0.43**
DEALER COMMISSION	**Rs.1.05**
VAT	**Rs.5.50**
CRUDE OIL CUSTOM DUTY	**Rs.1.1**
PETROL CUSTOM	**Rs.1.54**
TRANSPORTATION CHARGE	**Rs.6.00**
TOTAL PRICE	**Rs.51.90**

AUTO SERVICE

So for a Rs 22 liter petrol at pumps we people pay **Rs 28** tax extra.
Government is thinking to impose more price hike to curtain with the current crude oil bubble in International oil crisis.

If Central Government wish, it can still reduce the price of petrol in the current crisis situation, but it doesn't intend to do so, instead trying to fool the people and the Nation. This is the basis LEFT parties are opposing, just generating more profits for the oil marketing companies.

Don't you think you should pass this message to create more awareness among the people?
If any one disagrees, please feel free to correct my information or educate me pls.

BIRTHDAY BOY

This month's birthday boy needs no special introduction. He is a perfect example of how hardwork, dedication, involvement and above all the determination to excel in life can take a person to greater heights.

He is truly a customer's man. He speaks and writes the language which is for the customer, by the customer and of the customer.

A perfect team player and a person with enormous patience and maturity, he has accomplished some of the very difficult tasks almost single handedly. He is a go getter and likes to take on challenges.

He is none other than Mr. Sham Talashilkar, the lifeline of our Mumbai branch.

He is celebrating his birthday on 19th Aug and we wish him all the very best for a bright future.

You can send him your birthday greetings on **mumbai@feicargo.net**.

THANK YOU SHAILU AUNTY

"Dear Uncle and Abhibhaiya,

Let me first of all thank you both for the cheque. I had an account since I was 5 year old and always knew mummy deposited cash in the account but today I am so happy that I feel like am on top of the world for I have a cheque in my name that will go into the account.

This cheque is even more precious for me as it has just come to me as a birthday gift for me (for I enter my teen on 30th June). What a remarkable way of remembering Shailu Aunty.

Thank you both once again

With lots of love
Falak (Kunjumani)"

Above quote was dictated to Mrs. Vijaya by her daughter and forwarded to express her true feelings.

THE RIPPLE EFFECT

Do you want to be a positive influence in the world?
First, get your own life in order. Ground yourself in the single principle so that your behavior is wholesome and effective.
If you do that, you will earn respect and be a powerful influence.
Your behavior influences others through a ripple effect. A ripple effect works because everyone influences everyone else.

Powerful people are powerful influences.
If your life works, you influence your family.
If your family works, your family influences the community.
If your community works, your community influences the nation.
If your nation works, your nation influences the world.
If your world works, the ripple effect spreads throughout the cosmos.
Remember that your influence begins with you and ripples outward. So be sure that your influence is both potent and wholesome.
How do I know that this works?
All growth spreads outward from a fertile and potent nucleus.

REMEMBERING YOUR SILENCE

Have you ever experienced a moment in your life when you just ran out of words and you go silent?

Let me assist you in recalling...

The moment when you left your home for the first time and you look back at your parents who are worried that their son/daughter are leaving them yet happy that their child took the first step towards independence...

The moment when the girl/boy you like most smiled back at you! You don't say anything.. You just smile back...

The moment when you get better marks than you expected... those "numb" moments of ecstasy n surprise "is that true?"

The moment when you are parting with your old friend(s) and the train has just started... and you are standing on the door of the wagon waving "bye-bye" with your heart beating fast...

The moment after the HR manager has just called you and told you, "You are through! Congrats!"

The moment when you sit alone in your room after having told everyone that you cleared that exam you prepared for 6 months!!

You can go on remembering your "special" moments!

I had always wondered why I never said anything to myself at those moments... as if it was "understood"... happiness, joy, pain.. all feelings just flowed ceaselessly in the 'years' that passed in those flash moments!

They say the best way to communicate is through "silence".

Love. Joy. Grief. Surprise. Anger. Hope. Expectations. Support.

Can you imagine the importance of a silent moment in a song??

When Bryan Adams stops for a while along with music, before he goes on in his husky voice... Please forgive me. I can't stop loving you!

Ever had those moments when you thought you were tired enough that you reach for your bed after dinner but find yourself wide awake looking at the roof of your room silently...

But you sure are 'thinking' those moments of self-talk are the most important in our lives. Those moments when we listen to our own hearts! Those promises... those decisions... those are the moments when we make our destinies!

Next time you go silent... listen carefully to what your heart is saying.. listen to its joy... listen to its pain.. listen to its fears.. listen to its desires..

Don't make it shut up and go off to sleep...

LISTEN TO THAT VOICE and ACCEPT EVERYTHING IT SAYS!

That voice alone can lead you to the abode of peace that your sleep lacks... peace that awaits you!

Be in touch with your true self... be silent once a day, every day !!!

THIS IS LIFE!!

A student asks a teacher, "What is love?"

The teacher said, "in order to answer your question, go to the wheat field and choose the biggest wheat and come back. But the rule is: you can go through them only once and cannot turn back to pick."
The student went to the field… went through the first row. He saw a big wheat, but he wondered... may be there is a bigger one later.
Then he saw another bigger one... but he thought, may be there is an even bigger one waiting for him.
Later, when he finished more than half of the wheat field, he started to realize that the wheat is not as big as the previous one he saw. He knew he had missed the biggest one, and he regretted.
So, he ended up went back to the teacher with empty hand.
The teacher told him, "...this is love... you keep looking for a better one, but when later you realise, you have already missed the person..."

"What is marriage then?" the student asked.
The teacher said, "in order to answer your question, go to the corn field and choose the biggest corn and come back. But the rule is: you can go through them only once and cannot turn back to pick."
The student went to the corn field, this time he is careful not to repeat the previous mistake. When he reach the middle of the field, he picked up one medium corn and came back to the teacher.
The teacher told him, "this time you brought back a corn.... you looked for one that is just nice, and you have faith and believed this is the best one you get.... this is marriage."

BHARAT AMAR

India, my India, where first human eyes awoke to heavenly light!
All Asia's holy place of pilgrimage, great Motherland of might!
World-mother, first giver to humankind of philosophy and sacred lore,
Knowledge thou gav'st to man, God-love, works, art, religion's opened door.
O even with all that grandeur dwarfed or turned to bitter loss and maim,
How shall we mourn who are thy children and can vaunt thy mighty name?
Before us still there floats the ideal of those splendid days of gold;
A new world in our vision wakes, Love's India we shall rise to mould.
India, my India, who dare call thee a thing for pity's grace today?
Mother of wisdom, worship, works, nurse of the spirit's inward ray!
