Merry Christmas

FROM THE CEO'S DESK

Dear Friends,

"Whenever you make a mistake or get knocked down by life, don't look back at it for too long. Mistakes are life's way of teaching you. Your capacity for occasional blunders is inseparable from your capacity to reach your goals. No one wins them all, and your failures, when they happen, are just a part of your growth. Shake off your blunders. How will you know your limits without an occasional failure? Never quit. Your turn will come".

These are the words of Og Mandino and I share this observation one hundred percent. Making mistake is not the issue, not learning from it is.

I will end my note with another favourite quote of mine.

"The first quality of winners is Punctuality. It shows that time is with us and we are with time". Try to value time. Anything else; money, wealth, health, happiness etc. can be regained, but not the time that we lost.

While you are getting ready for yet another New Year, I hope these quotes help you to make your New Year Resolutions for 2009.

Thanks & Best Regards,
Pratap Nair

You have many reasons to BE PROUD TO BE AN INDIAN!!

I LOVE MY
'INDIA'

One of them is as under.

UNESCO (United Nations Educational, Scientific and Cultural Organization) Announces INDIAN NATIONAL ANTHEM as the BEST National Anthem in the World.

Indian National Anthem "Jana Gana Mana" written and composed by Rabindra Nath Tagore has been chosen as the World's Best National Anthem by UNESCO. Jana Gana Mana written in Sanskritised Bengali, it is the first of five stanzas of a Brahmo hymn composed and scored by Nobel laureate Rabindranath Tagore.
It was first sung at the Calcutta Session of Indian National Congress, on 27 December 1911. Jana Gana Mana was officially adopted by the Constituent Assembly as the Indian national anthem on January 24, 1950. The music for the "current version" is said to be derived from a composition for the song by Ram Singh Thakur, although some dispute this.
A formal rendition of the national anthem takes about forty eight to fifty two seconds.

- Last one decade the foreign reserves have risen from USD 27 billion to USD 308 billion. (May be a little less now)
- The Forbes list of billionaires now has 53 Indians, from a mere 2 a decade ago.
- 220 million Indians have a phone in their pockets. (May be a little more now)
- Foreign giants are now owned by Indians and if not that, they are run by Indians.

Being Professional

"The only successful beings in any field, including living itself, are those who have a professional viewpoint and make themselves and 'are' professionals".

- L Ron Hubbard

In simple words, the above quote would mean 'to be successful, it's important to be a professional'. So what is professionalism? How does one become a professional? Is it some rocket science? Can one find the answer to these questions in some fat book that speaks about imbibing such skills? Certainly not! Being a professional means conducting yourself appropriately in a corporate set-up. It is a passive force that keeps you in the limelight.

Here are a few essential career needs that are important;-

1. Being Organized
2. Having a Vision
3. Sportsman Spirit
4. Being Focused
5. Self Motivating
6. Self Study
7. Setting Realistic Goals
8. Knowing Your Profession
9. Multi Tasking and Time Management.

4. You will now smile because you're an idiot.
5. You soon will share this with another idiot.
6. There will be still a stupid smile on your face.

We apologize about this.... We are all idiots and we hope you won't mind.

- Youngest ever to score a test century in Australia in 1992 with tons in Sydney and Perth.
- He once cried, when he was not selected for the U-15 West Zone Team.
- Has been involved in fourteen 200-plus partnerships which equals the record of Don Bradman.
- Has the most runs in Tests in "away"matches-6821 runs, with a record 23 hundreds. Dravid has 6116 away runs.
- His aggregate of 16,361 runs is the best by any batsman in ODIs - nearly 3700 runs ahead of the next best.

RAHUL DRAVID (Former Captain of Indian Cricket Team)

- During Sharjah, Sachin made Shane Warne, Glen Mcgrath and others look pretty ordinary.

RAMEEZ RAJA (Former Pakistan Captain; Renowned Commentator)

- Despite suffering injuries, he came back after a few minutes of treatment to face the bowlers.

JAVAGAL SRINATH (Former Indian Cricketer; ICC Match Referee)

- If there is anyone in the world who still keeps cricket a gentleman's game, it has to be Sachin.

ROBIN UTHAPPA (Indian Cricketer)

RICKY D. COUTO (Sachin's best Friend)

- For Srilankans, he's been the prize scalp. Take Tendulkar and you are halfway to beating India.

SANATH JAYASURYA (Former Srilankan Captain)

- Sachin will remain focused personally as a Team Man.

RAMAKANTH ACHREKAR (His Coach)

Birthday Girl

In this modern day education system, very few people show the difference of education.

Polished, matured, confident and abundant enthusiasm, these are some of the visible qualities in her.

With two little girls and a very career minded husband working with one of the Indian Software giants, she makes a qualitative difference to our international activities.

She certainly misses pursuing her favorite hobbies of reading, listening to music and visiting new places.

She is yet another person in the FEI Family who makes us all proud.

FEI Duniya wishes Mrs. Sheen Ajith Thomas a very Happy Birthday and request members of FEI Family to make her day special by sending her your wishes on **intlexports@feicargo.in**.

You can send her SMS or contact her on mobile no. **098194 77965**.

A request to all our senior FEI Family members:-

"Command respect and not to demand respect from your juniors".

And a special request to all youngsters within and outside the FEI Family:-

"Choose a job you love and you will never have to work a day in your life".

This is the story of the current Economic situation - A Bubble story.

Chapter 1

- One Small Island
- And only three people living there
- Manu, Vidhya and Pranjal.

Chapter 2

- Manu and Vidhya are not having any land of their own. But they have a dollar each with them.
- Pranjal does not have any money but the island belongs to her.

Chapter 3

Manu has a dream.

- To own the island.
- Pranjal sells the island to Manu for USD 1.

Chapter 4

- Now Manu has an island worth USD 1
- Vidhya has USD 1
- Pranjal has USD 1

Total Assets in the island is USD 3

Chapter 5

- Seeing this Vidhya starts dreaming about owning the island.
- She knows very well that Manu will not give it to her for USD 1.
- So she borrows USD 1 from Pranjal and buys the island for USD 2.

Chapter 6

- Now Manu has USD 2 with him
- Pranjal has her USD 1 as loaned amount with Vidhya and Vidhya has a property (Island) worth USD 2 (but she also has a loan of USD 1). So her asset is USD 1.

Total Assets of the island is USD 4.

Chapter 7

By now Pranjal was feeling bad about selling her island. Pranjal wanted it back but knew that she can't get it for USD 2.

So Pranjal borrows USD 2 from Manu and buys the island for USD 3 from Vidhya. (Vidhya owed Pranjal USD 1 already)

Chapter 8

- Manu has to get USD 2 from Pranjal.
- Vidhya has USD 2 with her.
- Pranjal has a land (island) worth USD 3 but she also has a loan of USD 2. So her net asset is USD 1.

The Island's total Assets is worth USD 5.

Chapter 9

The bubble became bigger and bigger
Everyone made their profits.
Everyone fulfilled their ambitions.
Everyone was happy.

Chapter 10

Suddenly one day Manu started feeling bad. How can the land price go up so much? Will Pranjal give me my money (USD 2)?

Chapter 11

Both Pranjal and Vidhya started thinking. This island had only USD 2. How can this land be costing USD 3. The right price should be only USD 1 for this island.

Chapter 12

Nobody wanted the island.

Chapter 13

The land price became USD 1. Pranjal could not pay the loan back and gave the land to Manu.

Last Chapter

Manu has an island worth USD 1.
Vidhya has USD 2.
Pranjal has nothing with her.
The total assets in the island is USD 3
Just imagine the island to be our world.
Nothing has gone anywhere. Vidhya is rich by USD 1. Pranjal lost her land. Manu has an island worth USD 1. No gain or loss.

Got it? No?
Read it again.
