Be the type of person,
that no matter
where you go or where you are,
you always add value to the lives
of others around you.

A large, faint, light-brown watermark of a person in a prayer pose (Namaste) is centered in the background of the page. The person's hands are pressed together in front of their chest, and their arms are extended upwards. The watermark is semi-transparent and serves as a subtle background element.

SHARANAGATHI

Everyday Krishna would visit the garden say to all the plants, "I love you".
 The plants were very happy and responded saying "Krishna, we love you too".
 One-day Krishna rushed quickly into the garden very alarmed.
 He went to the bamboo plant and the bamboo plant asked, "Krishna, what's wrong?"
 Krishna said, "I have something to ask you, but it is very difficult".
 The bamboo said, "Tell me, if I can, I will give it to you".
 So, Krishna said "I need your life. I need to cut you".
 The bamboo thought for a while and then said "You don't have any other choice? You don't have any other way?"
 Krishna said, "No, no other way".
 And it said "OK" and gave himself up.
 So Krishna cut the bamboo and made holes in it, and each time, he carved the holes, the bamboo was crying in pain ...
 Krishna made a beautiful flute out of it and this flute was with him all the time.
 24 hours a day, it was with Krishna. Even the Gopi's were jealous of the flute.
 They said, "Look, Krishna is our Lord, but yet we get to spend only some time with him.
 He wakes up with you, He sleeps with you, all the time you are with him".
 Gopis asked the bamboo, "Tell us your secret. What secret do you have, that the Lord treasures you so much?"
 And the bamboo said "The secret is that, I gave myself up, and He did whatever was right for me, in the process I had to undergo a lot of pain.
 And the Lord does whatever he wants with me, whenever He wants with me and however He wants with me. I have just become His instrument".
 So this is complete surrender: where God can do whatever He wants with you, whenever He wants, as He wants.
 Trust Him completely and have faith in Him and always know that you are in His hands ... What can go wrong??

This is Sharanagathi

A disciple that challenged his teacher in the sword-battle

There was one famous teacher who excelled in sword fights. One day, a small boy came to him and asked to teach him the same.

Being humble in the nature, the teacher agreed to give all his learnings to this young boy. After a severe training for six years, the boy got hold of the sword with the efficiency that no one ever imagined. He was one of the best sword fighters.

Later, in next 3–4 years, he visited countries all across and won against all the known sword fighters. One day, he heard someone saying that if this guy is this good in sword fight, just imagine how great his teacher would be.

He didn't like this. The ego took control over him. He challenged his teacher into the sword battle saying that he will defeat his teacher within 3 minutes.

The teacher had been following the rise of greed in his disciple. He accepted the challenge. And the battle was about to take place exactly 30 days later.

Teacher started preparing for the same. Specially for this battle, he decided to use a 15 feet sword. He ordered the scabbard from Persia. He created the sword on his own. Everyone got to know this. The word got spread across the nation.

The disciple heard this, and being greedy, he decided to prepare even longer sword. He ordered 20 feet sword from the specialists across the world. The scabbard came from Persia as well.

The day of battle came. Both entered the battlefield with the 15 and 20 feet scabbard in their hands. The referee came in the center. Both shook their hands before the battle. Both were smiling. The reasons of the smiles too were same. Both thought that the other person will lose.

The battle got started. The disciple was working hard on removing the sword from the scabbard. Surprising everyone, the teacher removed a normal 2 feet sword from that 15 feet long scabbard. He just went ahead, and pointed it right at the throat of his disciple.

The disciple was still trying to remove the sword. The battle was over. The teacher won within a few seconds.

That's when the teacher went close to his disciple, hugged and told:

Never forget that I was, I am and I will be your master. I will wish all the happiness for you, just learn to control your ego. That's the last lesson I have for you. God bless you!
