Birthday Girl

She joined FEI as a newcomer. Being a fresher with no previous job experience, she gave an outstanding performance. Surpassing her colleagues was a difficult task, but she endured the challenge. Through sheer commitment and determination, she moved ahead and emerged a winner. Her job is her priority but she also has a passion for dancing. This energetic young lady is none other than the jovial Vidhya Suvarna!!

Vidhya is celebrating her birthday on 15th October. On behalf of the entire FEI Family, FEI Duniya wishes you a very Happy Birthday and a fantastic year ahead.

We request you to wish our birthday girl on her birthday to make it a memorable one. You can reach her at 9820557107 or mail her at mumbai@feicargo.net.

Don't loosen your belt - Loosening the belt after a meal will easily cause the intestine to be twisted & blocked

Don't smoke- Experiments by experts prove that smoking a cigarette after a meal is comparable to smoking 10 cigarettes (chances of cancer are higher)

Don't eat fruits immediately - Eating fruits immediately after meals will cause stomach to bloat. Therefore eat fruits 1-2 hours after meal or 1 hour before meal

Don't bathe - Bathing will increase blood flow to the hands, legs & body. The amount of blood around the stomach will therefore decrease. This will weaken the digestive system in your stomach

Don't drink tea - Drinking tea after a meal is dangerous because tea leaves have a high content of acid. This substance will harden the Protein content in the food we consume, making it difficult to digest

Don't walk about - People always say that after a meal walk a hundred steps and you will live till 99. In fact this is not true. Walking will make the digestive system unable to absorb the nutrition from the food we intake

7 don'ts after a meal

Don't sleep immediately - The food we eat will not digest properly. Thus it will lead to gastric infection in our intestine

CHANGE

When I was a young man,
I wanted to change the world.
I found it was difficult to change the world,
So I tried to change my nation.
When I found I couldn't change the nation,
I began to focus on my town.
I couldn't change the town
And as an older man,
I tried to change my family.
Now, as an elderly person I realize
The only thing I can change is myself.
And suddenly
I realize that if, long ago, I had changed myself,
I could have made an impact on my family,
And I could have made an impact on our town,
Their impact could have changed the nation
And I could have changed the world.

Direct Dil Se...

Dear Mr. Pratap,

How are you doing Sir? Presume all is in good order.

I'm writing to thank u for the very pleasant surprise that came along with this month's edition of FEI Duniya. We always await the journal for its very usefulness and the friendly lay out. Gives us a feeling as if the contents are been read out to us by a narrator. Finding a very Personalized Birthday greeting just for me among the other interesting articles was an extraordinary experience sir. I sincerely thank you & our FEI DUNIYA team, for making me feel this special. And I am indeed proud to be a part of the FEI Family.

Last but not the least; I'm sure Mr. Isham would have provided you with these very touching details about me. Without his guidance & patience over us, this shy lady would have always remained same. I'm always grateful for training me well. THANKS SIR!!!

Insha Allah, My wedding reception will be on the 12th of Dec 2009 (Dinner) and me & my family will be honored by your presence, Appreciate if u could advise me if you are free on that date to join us, if it doesn't interrupt your busy schedule.

I wish you happiness, good health, strength & courage on your “unending quest for excellence”.

Thank you once again.

*Best Regards,,
Shani*

We are glad that you are happy. We wish you all the very best in your new life.

Funny Things About The English Language

I'm sure that many of the following points have crossed our minds at one time or another. This only goes to show that English really is a DARN FUNNY language!! This list is rather short (listing a few of the more commonly known ones), and if anyone knows of any additional quirks about the English language, send it to us. We'd like to know.

- ★ A writer can write, but a finger can't "fing", a grocer can't "groce", and a hammer can't "ham".
- ★ When people say "I could care less", they mean "I couldn't care less".
- ★ There's nothing quick about "quicksand".
- ★ How does one "rest" in a "restroom"?
- ★ We hear of people coming from "up north" or "down south", but never "left west" or "right east"
- ★ Boxing rings are not shaped like a ring at all. They're square!
- ★ Pineapple does not contain pine or apples.
- ★ Christian Science is neither Christian nor science.
- ★ If "am" applies to "I", why is it: "Aren't I"?
- ★ French fries do not come from France.
- ★ "Slim chance" and "fat chance" mean the same.
- ★ Headcheese does not contain cheese.
- ★ Cheez Whiz contains neither Cheese, nor Whiz.
- ★ If "geese" is the plural form of "goose", why isn't "meese" the plural of "moose"?
- ★ Given that the male pronouns are "he", "his", and "him" -- a female is called "she", but never called "shis" and "shim".
- ★ A plural form of "brother" is "brethren" -- but the plural of "mother" is never "methren".
- ★ At communion we drink the cup, but we never eat the plate
- ★ "Flammable" and "Inflammable" mean the same.
- ★ Why not 'teethbrush'?
- ★ The 'english' horn is not English.
- ★ We hear of "girlie" things, but hardly ever "boyie" things.
- ★ English muffins do not come from England.
- ★ Hamburger does not contain ham.
- ★ Why is the word "abbreviation" so long?
- ★ Our noses run, and our feet smell.
- ★ People have said "that's okay with me" for years now; suddenly they start saying "I'm okay with that".
- ★ A house can burn up as it burns down.
- ★ Breadfruit is neither bread nor fruit.
- ★ Heartburn does nothing to the heart at all.
- ★ Horseradish has nothing to do with horses.
- ★ If "teeth" is the plural form of "tooth", why isn't "beeth" the plural of "booth"?
- ★ If it's from Scarf to Scarves, why is it from Dwarf to Dwarfs?
- ★ More than one box is "boxes", but more than one ox is not "oxes".
- ★ When you feel down, people ask what's up
- ★ Didn't 'gay' once mean 'care-free' or 'happy'?

We know the list is endless, but somewhere we have to put fullstop.

HOW SMART IS YOUR RIGHT FOOT?

There are some things that the brain cannot handle.

You have to try this, it takes 2 seconds. This will confuse your mind and you will keep trying over and over again to see if you can outsmart your foot. It is pre-programmed in your brain!

1. While sitting at your desk in front of your computer, lift your right foot off the floor and make clockwise circles.
2. Now, while doing this, draw the number '6' in the air with your right hand. Your foot will change direction.

Lets do it !!!

Press the pause button in your life and think a while... Is your life heading to the direction where you wanted to?? We have something worthwhile for you to read. Maybe this article could bring a little change in you.

FAMILY FIRST:

In the hurry and scurry of urbanity, we often miss out on stealing precious moments with our loved ones. Hold your family close and tell them your care.

EARN YOURSELF A BREAK:

We toil like machines, chasing distant dreams, with no time to stand and stare. To make life meaningful, we must celebrate our efforts and achievements, before moving onto our next destination in life.

DE-STRESS:

Urban lifestyles tend to corrode our body. Running against time, we seldom listen to our body's inherent rhythms. But with stress-related lifestyle diseases on a high, let's listen to our body and mind.

KEEP IT SIMPLE:

We're used to material pursuits and reveling in luxury. But does running after riches provide any soul satisfaction? Perhaps, it's time to rediscover what's truly important.

UPGRADE:

We all nurse latent talents and are passionate about our hobbies. But often, we fail to focus on them. It's time to expand our visions. Educate yourself.

BE A CONSCIOUS CITIZEN:

We've all been angry at the incompetence of our government and security agencies. But it's time to stop passing the buck and accept the responsibility of being a citizen.

TAKE RISKS:

Challenges are often the best tools for empowerment. The deeper the plunge, greater the challenge.

APPRECIATE THE LITTLE THINGS:

Life's most valuable lessons are often tucked away in the simplest pleasures. Be it a warm smile from a parking attendant or a pat on the back from a colleague-we need to appreciate the simple things of life.

Always remember that we have only one life to live!! Love Life!!! Make the best of what you have.

Five minutes with Dhirubhai

Five minutes with Dhirubhai. That was a privilege on most occasions that I was at the Reliance office at Tulsiani Chambers, Nariman Point. I also had the opportunity to meet Mukeshji and Anilji then, although it was always a casual hello.

It is twenty years since, but I have treasured those precious moments that inspired me to dream beyond working as a CHA and forwarder during those days.

Today, as I sit back and look at the past, I recollect the magnetism of Dhirubhai's personality. "Capable of persisting for as long as is necessary to accomplish a goal they have set for themselves," claims the zodiac, Capricorn.

Starting December, I wish to profile in FEI Duniya, some of the great personalities who have made a big difference to India Inc. Dhirubhai was born in the month of December. And what better way than to begin with a Dhirubhai special!

From The CEO's Desk

The Two Questions I must answer . . .

1. Is a date as important as the person we love?

9th September was the day when Shailaja left us for her heavenly abode. We could have called it a day of mourning, and sat silently, cursing our fate. But Shailaja herself would not have approved of this. To a woman of extra-ordinary dedication, our effort to work harder and smarter is our greatest tribute. Yes, we missed her as we miss her every day and every second of our lives. But for whom the heart bleeds, what does a tear matter.

On 24th June every year, we commemorate her birthday. And this is the occasion when those who have not had the opportunity to meet her, get to know why Shailaja is never far from us. Yes, she lives on forever . . .

2. Are you seeing a lot of us, of late?

It is 20 years! We have been working with the best of customers and dedicated employees who have been with us for many years. As a successful growth policy, our people have moved up the corporate ladder. The vacuum thus created, prompted us to expand our workforce in, order to fill up the spare capacity. Naturally, we would love to add a few more precious clients. Thus, the need for a new awareness campaign. Do let us know what you think of our new creatives.

The month of September is usually the beginning of festivities. Due to various constraints, I may miss out on wishing you on every occasion. So please treat this as my best wishes to you and your family for the entire season! God bless.

Warm regards
