Birthday Girl

Our birthday girl this month is none other than our Bengali beauty, Ms. Ankita Chakravorty.

She completed her schooling in Bhopal and then pursued an MBA degree in Pune, before joining our International Division. She has now become the driving force of the department and enjoys her role there. This has enabled her to serve our international partners with total dedication. Taking full responsibility of all her assignments and completing her work on time and in the best possible way, is her trademark.

Ankita's endearing smile and brown eyes has charmed everyone in FEI. She is a delight to work with, a fact that her colleagues and seniors will agree with. Ankita also enjoys watching the latest movies, reading and as a true Bengali, relishes seafood.

To wish our dear friend and colleague a happy birthday, call her on 9561674491.

FEI's Presence

Through this column, we will now feature two of our branches each month.

Ahmedabad

FEI established an office in Ahmedabad in 1997, to serve its customers from a convenient and strategic location. It started with an office space of 450 sq. ft. and today has its own office of 2500 sq. ft, which speaks for itself. A dedicated and enthusiastic team has made FEI a brand to reckon with in the Ahmedabad logistics industry.

The largest city in Gujarat, Ahmedabad boasts of immense potential for the logistics sector. It has a flourishing textile industry and is also known for its chemical, pharmaceutical, engineering, and auto industries. Air freight shipments are handled through the international airport and major airlines that operate from here are Emirates, British Airways and Singapore Airlines. Sea freight shipments are handled through ICD and move through Kandla port, Port of Pipavav, Mundra port and occasionally JNPT.

Bangalore

FEI's Bangalore branch is a full fledged office handling various logistics requirements of its customers. It was established in the year 1999 and its new office now has a close proximity to the airport.

The city is known as the Silicon Valley of India because of its position as the nation's leading IT hub. The major commodities handled include auto ancillary products and ready-made garments. Bangalore takes care of air shipments through its international airport and Sea freight shipments through ICD Bangalore which finally move through JNPT/Chennai/Cochin ports.
